GRADE DESCRIPTOR

Standard Age Score (SAS) is based on the student's raw score, adjusted for age and placed on a scale that makes a comparison with a nationally representative sample of students of the same age across the UK. The average score is 100. The SAS is key to benchmarking and tracking progress and is the fairest way to compare the performance of different students within a year group or across year groups.

The Stanine (ST) places the student's score on a scale of 1 (low) to 9 (high) and offers a broad overview of his/ her performance

Description	Very Low	Below Average		Average			Above Average		Very High
Stanine (ST)	1	2	3	4	5	6	7	8	9
Standard Age Score (SAS)	70	80		90	100	110	120		130
